公司简介 COMPANY INTRODUCTION

Rugao Xuyuan Textile Co., Ltd is founded in year of 2013, and located in well-known textile country of Nantong China.

Since from year of 2007, we only processed materials supplied by clients. And beginning from 2013, we have been starting to operate our own orders. Therefore, we have almost 20years' experiences of fabric producing.

We produce various of woven fabrics like yarn dyed, solid dyed, printed etc , the productions include poplin, twill, dobby, chambray, oxford, Fil-A-Fil, sateen, crepe, canvas, slub, seersucker, flannel, leno, patchwok and so on. They can be made with cotton, rayon, linen, polyester, acrylic, metallic, spandex, and some other mixed materials...

We have more than 35 employees, air-jet looms 40 sets, rapier looms 56 sets, the production capacity around 720,000 meters per month.

Maybe you will think that our plant size isn't big, the professional processing system is more than everything, and also you may feel what we have no so strong market share, I wanna say that we never stop developing steps.

Base on the sincerity, survive by the quality, we just know how to offer the better quality goods, more competitive price, faster delivery time and try best to minimize the risks, that is enough.
